

Smart Cash Register

Multi-Function Integration, Extensive Peripheral Support, Minimalist Touch All-in-One

1080P HD Display

Better Customer Experience

High-Performance Processor

Smooth Multitasking

Professional Scanning Engine

Fast 1D/2D Recognition

Modular Design

Flexible Configuration, Cost-Effective

Dual-Screen Display

Aggregated Payment Collection

Rich Peripheral Interfaces

High-Performance Processor

Smart Cash Register

Product Overview

This commercial cashier hardware terminal integrates a main controller, touch display, scanning module, card-reading module, face-recognition module, and abundant peripheral interfaces in a desktop all-in-one structure.

Product Highlights

Full-Scenario

Supports card, QR, face, and palm payment, with abundant modules and peripheral support.

Open Platform

Provides SDK & API development kits to help build your dedicated applications.

Easy Installation

WiFi/4G operation requires no complicated cabling. The desktop unit is ready to use when powered on.

Remote O&M

Optional remote TMS management platform for remote operation and maintenance, reducing cost and improving efficiency.

Technical Specifications

Processor	8-Core Processor	Operating System	Android system
Storage	2G+16G	Display	11.6+11.6 inch, optional 11.6+15.6 inch
Card Reading	Supports MIFARE 1 card / CPU card / mobile NFC	PSAM Card Slots	2 PSAM card slots (up to 5), 1 SIM card slot
QR Code Recognition	Supports QR Code, Code 128/39, etc.	Camera	Dual cameras
External Interfaces	1×RJ45 port, 1×RS232 port, 1×USB2.0 (OTG), 1×USB DEVICE port	Communication	Ethernet, optional WiFi&4G
Voice Prompt	Real voice broadcast	Power Supply	DC12V
Overall Dimensions	272*228*104 (mm*mm*mm)	Structure	Desktop all-in-one
